CLUB MEMBERSHIP REQUEST

Our club is much like a co-op. Club membership fees are relatively low because we ask our club members to participate in track maintenance, weekend public sliding, fundraisers, and club activities.

Without the help of our club members, there would not be an Upper Peninsula Luge Club.

We are not here for profit. All funds that are brought in are put directly back into our Luge Club. Some money comes from membership dues, and donations from kind individuals and businesses, but much of our funding comes from holding public sliding on the weekends, and from fundraisers club members do. The participation of our club members is essential to our club's success.

Participating is fun. Most people have never seen a natural luge track before. We are here to teach you everything you need to know; from learning how to slide, to how to dress appropriately for sliding, to building and maintaining the track (that's fun too!). So, as a member, please consider participating as frequently as you can. Along with building a luge track, you find yourself building friendships too.

Thank you for your membership,

The Upper Peninsula Luge Club
